- Version Control: Git

SCRUM Board and Sprint Review

Projects / spring_project

SP Sprint 1

Epic ▾

TO DO

IN PROGRESS 1 ISSUE

implement testing

SP-5

5

DONE 3 ISSUES ✓

Create form to enter details of new film to watch

SP-2

3

Upload documentation

SP-6

3

add CRUD functionality

SP-4

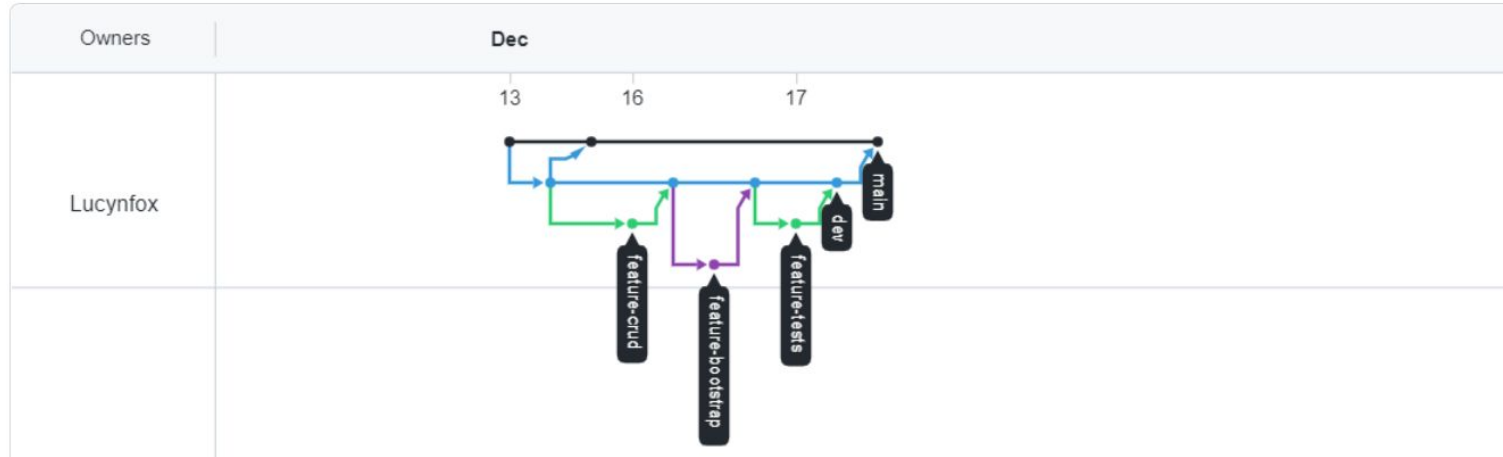

4

Network Graph

Network graph

Timeline of the most recent commits to this repository and its network ordered by most recently pushed to.

Demonstration

- View all films currently in list
- Add a new film to watch
- Update the film details
- Delete a film from the list

Conclusion

- Used a lot of tools and technologies to complete this project
- Learnt the importance of effective planning at the start.
- Practice with branching
- I have learnt a lot in this project week because I have had to put together different things I have been studying the past few weeks.
